

An International Institute of Welding IIW Course

The Welding Specialist course is aimed at equipping personnel with the necessary skills and technical knowledge to plan, execute, supervise and test welding operations within a limited technical field involving simple welded constructions. The course has been designed to meet the requirements of welding coordination personnel.

Welding supervisors and coordinators make a valuable contribution to welding operations, especially with regards to cost, quality, productivity and safety. The course is specifically aimed at supervisors and coordinators but is also suitable for personnel involved in training and technical sales. Candidates of at least 20 years of age with a senior matric certificate or N3 qualification, including mathematics and science and at least two years' relevant experience may apply. Candidates with a

Grade 9 or equivalent certificate, plus five years' relevant experience will also be considered.

Candidates not meeting the above educational requirements may still be able to access the course through artisan qualifications and experience. Contact the SAIW for more information.

Course Schedule

JOHANNESBURG DURBAN				
	HOURS	JHB 1	JHB 2	JHB 3
Practical Welding	60	14 - 22 Jan	06 - 14 May	01 - 09 Jul
Welding Processes and Equipment	48	04 - 11 Feb	03 - 10 Jun	29 Jul - 05 Aug
Materials and their behaviour during welding	56	11 - 20 Mar	08 - 17 Jul	02 - 11 Sept
Construction and Design	24	15 - 18 Apr	12 - 15 Aug	07 - 10 Oct
Fabrication, Applications and Engineering	54	06 - 15 May	09 - 18 Sept	11 - 20 Nov
Examination (4 x 2 hrs)	8	18 Jun	07 Oct	09 Dec
