

An International Institute of Welding IIW Course

The welding technologist course is aimed at equipping personnel with the necessary skills and technical knowledge for the planning, executing, supervising and testing of the tasks and responsibilities in welding fabrication, within a selective or limited technical field involving simple welded constructions.

Engineering personnel, with a National Diploma in engineering or an equivalent qualification, intending to pursue a career in welding fabrication should apply for this course. It is suitable for engineers working on site and in fabrication workshops, in manufacturing, EPCM companies and end users. The qualification is referenced as suitable for employees with welding coordination responsibilities in ISO 3834 and ISO

14731 standards addressing welding quality systems.

It is also an excellent qualification for Welding Coordination Personnel with the responsibility for confirming the acceptability of welding procedures used in welded fabrications.

Course Schedule

JOHANNESBURG		
	HOURS	JHB 1
Practical Welding	60	04 - 12 Mar
Welding Processes and Equipment	81	01 - 12 Apr
Materials and their behaviour during welding	96	06 - 22 May
Construction and Design	44	24 - 28 Jun
Fabrication, Applications and Engineering	81	22 Jul - 02 Aug
Examinations are held on 1st day of the following module	4 x 4	26 Aug

Please note that any comments, compliments or complaints related to:

1. Training can be forwarded to quality@saiw.co.za 2. Examination and Certification can be forwarded to quality@saiwcertification.co.za
