**Requirements:**

**a. Pressure Vessels**

- (i) 5 of 10 vessels must have internal inspection by physical entry, and
- (ii) 2 of 10 vessels must have internal inspection other methods, e.g. Boroscope inspections
- (iii) 7 of 10 vessels must have been pressure tested.
- (iv) Inspections done on more than 5 air receivers, medical autoclaves (non-steam generator), hydraulic accumulators, accumulators - Scope; Air receivers only, medical autoclaves only, hydraulic accumulators only, accumulators only.

**b. Steam Generators - Unlimited**

CP Steam generator initial application must have 10 inspection reports as follow:

- (i) 10 for steam generators manufactured to a steam generator construction code recognised by the Pressure Equipment Regulations (PER), or
- (ii) minimum of 5 manufactured to a steam generator code recognised by the PER together with a maximum of 5 "steam generators" manufactured to a pressure vessel code and registered as steam generators. Evidence of registration must be submitted.

**c. Steam Generators - Unfired**

- (i) If more than 5 equipment, e.g. Waste heat boilers, gasifiers etc. registered as steam generators and manufactured to a pressure vessel code. The scope is limited to "unfired". Evidence of registration must be submitted.

**c. Steam Generators - Autoclaves only**

- (i) If more than 5 equipment, e.g. medical autoclaves registered as steam generators and manufactured to a pressure vessel code, the scope is limited to "Autoclaves only". Evidence of registration must be submitted.
